

Terms of Service - Moodmetric Cloud

Last updated 25.4.2018

The Moodmetric Ring measurement data is transferred to the Moodmetric App. A user gets all the benefit of the measurement with the ring and app only, use of the Moodmetric Cloud Service is not mandatory.

The Cloud Service enables storing and easier long term view on the measurement data. To use the Cloud Service, you will need to accept this Agreement.

Creating an account

In order to use the Moodmetric Cloud Service you have to register and create a personal account.

The process of registration requires a consent to this Agreement and provision of your name, email address and an individual password. Registration to the Moodmetric Cloud Service is completed when click the confirmation link in the email that will be sent to your email address.

Moodmetric can decline creation of accounts that are aimed at non-intended use of the Cloud Service.

You are responsible for the security and confidentiality of your password and the devices and network you use to establish the connection to the Moodmetric Cloud Service.

Using the Moodmetric Cloud Service

The Moodmetric ring measurement data can be synced to Cloud any time the user wants. Thereafter the data is visible from the Cloud view, from desktop or mobile internet browser. This data is not available for anyone except the Moodmetric admin, and to a specific party that the user has given the right to view the data.

Moodmetric can use anonymous data (no name, nor email address) as a part of compilations, statistics and analyses for research, scientific and commercial purposes. We might use this data to enable us to monitor, review and further develop our products and

Service, for our our internal records regarding the use of our Service and to support our sales and marketing.

As the cloud user, you are entitled to use the services and content we provide. By using the cloud service, you give us permission to use your anonymous information to improve services for all users.

Using the Service (and/or providing input information) does not give you any legal right, title or interest in the Service or the Software.

The Software may automatically download and install updates and upgrades from time to time without further notice to you. These updates are designed to technically improve and/or enhance the Software and the Service. You agree that we may automatically deliver such updates and upgrades to you as part of your use of the Service.

We do not assume any guarantee or specific liability as to the interpretation of the content in the cloud. The Moodmetric ring and the measurement data is meant for recreational purposes only. Vigofere Oy's products are not medical devices and should not be used to diagnose or treat any medical conditions.

Termination of the Agreement

You can stop using the Moodmetric Cloud Service any time.

Should you wish us to permanently delete your Personal Data being held by us, we will do so upon your request. We will delete all data, with the exception of the anonymized measurement data within the Moodmetric cloud service. In such case you understand, that we will not be able to provide the Service to you anymore.

Moodmetric is very attentive about privacy and data protection. Handling personal information is very limited and described in detail in this document:
